WELCOME TO THE MODERN WORKPLACE SOLUTIONS FROM MSSPL

- Monitor Arms

Integ Monitor Arms : New Zealand Design at Indian Price, Made in India : 5 – 15 Yrs warranty

BENEFITS OF AR-RAY

Increase productivity

"5 days work in 4 days or less"

Work ergonomically

"Be healthy - work safer"

Save valuable space

"Free up valuable desk real estate"

Work mobile

"Use mobile devices ergonomically"

DUAL SCREEN MONITOR ARM

Increased productivity, space savings and ergonomics

Integ Monitor Arms : New Zealand Design at Indian Price, Made in India at Bangalore

FOUR SLOTS, LOTS OF POSSIBILITIES

The key component to the Apollo4 is a pole with four unique grooves (the Apollo slot) which connects the arm(s) and accessories to the mounting mechanism.

ERGONOMIC BENEFITS

The Apollo4 monitor arm allows your monitor to be placed at any height with the reassurance that the arm will not droop or weep over time ensuring you maintain a comfortable work environment.

100% POST CONSUMER MODULAR ARMS

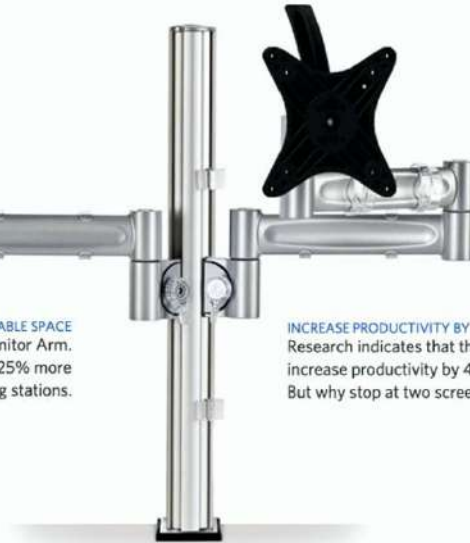

If your technology changes simply add-on another arm. Moving to a bigger, heavier screen? No problem – our arms can handle screens up to 12kg.

MORE USABLE SPACE

Free up valuable desk space with the Apollo4 Monitor Arm. Using a monitor arm can help to provide up to 25% more desk space over plastic stands or docking stations.

INCREASE PRODUCTIVITY BY 44%

Research indicates that the use of dual screens can increase productivity by 44% (sometimes even more). But why stop at two screens.

- False Flooring
 - YEMAG MAKE, Bangalore

ABOUT YEMAG

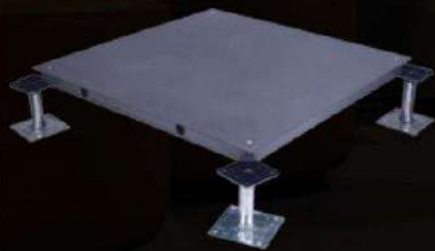

YEMAG RAISED FLOORING PRIVATE LIMITED Bangalore, India | Established in 1981

YEMAG RAISED FLOORING PRIVATE LIMITED, established in 1981 and headquartered in Bangalore, is a leading manufacturer of high-quality Raised Access Floor Systems. Backed by over four decades of industry expertise, the company is driven by a dynamic leadership team and a skilled workforce committed to delivering excellence. An ISO 9001-certified organization, Yemag is dedicated to maintaining global standards in the Design, Manufacturing, and supply of Raised Flooring solutions, including False Flooring Tiles (Bare, HPL, Vision Panel, Air Flow Panel, Wood Core and Accessories). We are proud to offer these premium products at competitive prices, ensuring timely delivery and complete client satisfaction.

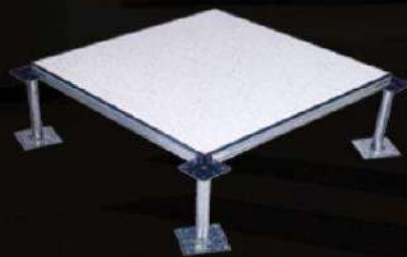

Yemag has established a strong reputation for reliability, innovation, and customer focus. Our core strengths lie in seamless communication, flexibility to accommodate custom designs and bulk orders, and a proven ability to meet tight delivery schedules. We are committed to providing not only top-tier products but also end-to-end Raised Flooring Services, ensuring a comprehensive solution for every client requirement. Our business approach emphasizes prompt resolution of customer concerns, meticulous packaging, and consistently exceeding client expectations.
